**CAPTAIN OF THE PORT, WESTERN ALASKA
NAVIGATION SAFETY ADVISORY**

Dear Mariner:

Cold temperatures are causing a significant buildup of ice in upper Cook Inlet. To assist mariners with the extreme danger posed by ice and winter weather conditions, we are implementing **Phase I, effective December 1, 2016**, of the **Operating Guidelines for Ice Conditions in Cook Inlet**, signed December 1, 2016.

All vessels scheduled to arrive in Cook Inlet north of Homer, Alaska must submit a voyage plan no less than 24 hours prior to arrival at the Kachemak Bay Pilot Station. We have posted a voyage plan template and the *Guidelines* referenced above to the Sector Anchorage Homeport webpage.

Sector Anchorage Homeport webpage: <http://homeport.uscg.mil/anchorage>

While use of the voyage plan template is not mandatory, your voyage plan must include all information listed in the template. Voyage plans must be e-mailed to Sector.Anchorage@uscg.mil. Based on information in your voyage plan, we will determine if the vessel needs an exam prior to entry into Cook Inlet and will notify the submitter if an exam is required. Vessel agents can coordinate with Marine Safety Detachment Homer at (907) 235-3292 to schedule an exam.

The National Weather Service Cook Inlet Sea Ice analysis is available at:

NWS Ice Desk webpage: <https://www.weather.gov/afc/ice>

Please direct questions regarding this advisory or the *Guidelines* referenced above to the Sector Anchorage Waterways Management Division at (907) 428-4189 or after hours (907) 428-4100.

Sincerely,

A handwritten signature in blue ink, appearing to read "S. MERSEL".

S. MERSEL
